

Thermafoil® Thermal Solutions Heating Products

Application Data Sheet

Company: _____ Contact Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Fax: _____

Email: _____ Website: _____

Desired Heater Size: _____ (please provide appropriate drawings)

Desired Operating Temperature: _____ Max. Temperature: _____

Desired Total Wattage or Watt Density: _____

Input Voltage: _____ AC / DC: _____

Single / 3 Phase: _____ Variable / Constant: _____

Lead Wires Req'd? _____ Length: _____

Terminals Req'd? _____ Type: _____

Temperature Sensor Req'd? _____ Type: _____

Material / Media to be heated: _____

Dimensions of material / media: Length _____ Width _____ Thickness _____

Min. Ambient Temp: _____

Any Convective Losses: _____ Speed of Flow: _____

Lead Orientation: _____

Quantity Required: Production _____ Prototype _____

Briefly describe the application & desired performance attributes: _____

Existing or New Application: _____ Solution Value or Target Price: \$ _____

Accessories needed?: (ie. Controller, finished or sub-assembly) _____
